

Northern Chester County Fire Chiefs Association

'Serving Chester, Montgomery & Berks Counties since 1974'

Dear Friends,

For the past 40 years, The Northern Chester County Fire Chief's Association (NCCFCA) has been working to promote fire prevention, protection, safety and wellness. This mission has grown from 10 municipalities to well over 20 municipalities and now spans between Chester, Montgomery and Berks Counties. Supporting this effort has presented some difficulties. We are now looking for your support to help this mission grow.

For the previous 21 years, NCCFCA has been operating a fire safety house at local events. This tool gives the Association a chance to educate residents on how to better prepare their homes and personal lives to live a safe and healthy life. In the last three years, these events have grown from a dozen to over two dozen per year. Additionally, the attendance has grown from a few hundred to well over 2,000 people per year who tour the inside of the fire safety house. There are many more people who see advertising outside!

Each of these functions places residents, taxpayers and consumers in a front row seat to utilize our tools. The association believes that you and your business can benefit from advertising with our organization. With a recent resurgence in supporting local businesses and helping with grass roots efforts, like ours, your support will be noticed.

Please take this opportunity to review the attached rate sheet of pricing and find an option that best suits your mission and supports ours. The NCCFCA and the public we serve look forward to a mutually beneficial relationship with you and your business. If you have any questions, please feel free to contact me directly using the information below. Or you can visit our web site: www.nccfca.com

Thank you for your support!
